Guidance notes for completing template

- Name of Project or Service and Contact Officer
- Corporate Theme and Key Priority
  
- Name of funding pot and funding provider
- Amount of funding for 2006/07 and beyond (if applicable)
- Total funding required for project / service
- Other monies provided and by whom
- Use of Funding
- Geographical Area
- Sustainability

- State name of project or service and who the contact officer is**
- State the Corporate Theme and Key Priority which addresses the policy area of the project / service**
- State the name of the funding pot and the body responsible for providing these monies**
- State the amount of funding that has been secured for 2006/07 and beyond if appropriate**
- State the total amount of money required for the project / service to run**
- State the amount of funding provided by other bodies e.g. WFDC**
- State what the funding will be used for**
- State the geographical area that is going to benefit from the project / service**
- State what plans are in place for the sustainability of the project / service when funding ceases.**

### 2006/ 07 Quarter 3 Summary

Wyre Forest District Council has attracted an additional £1,647,998 to the district for this financial year.

By division this breaks down as follows:

CLACS	£ 544, 115
PHE	£ 21,700
SPU	£1,113,683
<b>TOTAL</b>	<b>£1, 647, 998</b>

The authority continues to seek external funding to deliver additional services to the residents of Wyre Forest. Current successes include the Envirowise programme encouraging resource efficiency to businesses based on the Stourport Road.

Funding from the Childrens Fund has enabled a further two Rangers to be employed to develop the work of the Rangers in target areas in the district.

The continued success of Stourport Forward, the Market Town Initiative funding that is used to part fund activities that encourage increased investment in the town. This is being utilised in areas such as the Stourport Basins development and the skatepark that is being built later this year. Their partnership role is also proving beneficial in Sandy Lane Industrial Estate in Stourport, where a feasibility study has been funded by AWM which will lead to a large scale refurbishment of the road infrastructure on the estate.

The External Funding Group continues to monitor the progress of external funding applications in the district and to report on any difficulties that the group can work to overcome.

## Position Statement December 2006
