

Appendix 1: Results of consultation on proposed Conservation Area Character Appraisal for Churchill

Consultee	Response	Conservation Officer Comments
Churchill and Blakedown Parish Council	<p>The Parish Council gives positive support for the concept of the Conservation Area for Churchill.</p> <p>It is considered that there is scope for the boundary to be extended in several places, that some buildings could be protected by adding them to the local list and that the stream and ponds should be given a higher profile. These items of detail can be looked at a later date.</p>	<p>Look at possibility of including review in future business plans, following completion of Character Appraisals for all Conservation Areas in the District.</p> <p>Timetable for roll out of rural local list still to be agreed for future business plans</p>
Ward Members for Churchill (Blakedown and Chaddesley Ward)	<p>The survival of Black Poplars on the banks of Churchill Forge pool should be mentioned due to their rarity. The Yew Tree in the churchyard is of significant historic interest and should also be referred to.</p> <p>A review of the Churchill Conservation Area Boundary would be beneficial</p>	<p>Incorporated into document</p> <p>Look at possibility of including review in future business plans following completion of Character Appraisals for all Conservation Areas in the District</p>
