**1. PURPOSE OF REPORT**

- 1.1 To provide Members with a monthly progress report on performance against national indicators (NI 157, formerly BV 109).

**2. RECOMMENDATION**

- 2.1 **That the report be noted**

**3. BACKGROUND**

- 3.1 At Full Council in May 2006 it was agreed as part of the Recovery Plan that a report on the performance against best value performance indicators (BVPI 109, now NI 157) be reported to the Planning (Development Control) Committee on a monthly basis. The first of the series of monthly reports was reported to the Planning (Development Control) Committee on 13<sup>th</sup> June 2006.

- 3.2 The national targets for determining planning applications are as follows:

NI 157 a (Major applications)	-	60% within 13 weeks.
NI 157 b (Minor applications)	-	65% within 8 weeks.
NI 157 c (other applications)	-	80% within 8 weeks.

3.3 In addition to these national targets there are Local targets set out within the Business Plan for 2008/09. These are as follows:

Major applications	-	65% within 13 weeks.
Minor applications	-	80% within 8 weeks.
Other applications	-	90% within 8 weeks.

**4. PERFORMANCE**

4.1 The trajectories showing annual performance to the period ending 30<sup>th</sup> September 2008 were attached to the monthly progress report at the November 2008 Committee meeting.

**Major applications**

4.2 The following table shows the quarterly performance figures for major applications for the period from 1<sup>st</sup> January 2006 to 30<sup>th</sup> September 2008. It also shows the performance to date within the 3rd Quarter of 2008/09 although the relevant period does not end until 31<sup>st</sup> December 2008 and as such these figures will be subject to further change. It is clear from the figures that performance on major applications continues to meet the national target of 60% although during the 2<sup>nd</sup> quarter of the current 2008/09 year the figures fell below the local target of 65%. The current quarter figures are exceeding both the national and local targets.

### Minor applications

- 4.3 The following table shows the quarterly performance figures for minor applications for the period from 1<sup>st</sup> January 2006 to 30<sup>th</sup> September 2008. It also shows the performance to date within the 3rd Quarter of 2008/09 although the relevant period does not end until 31st December 2008 and as such these figures will be subject to further change. Performance within this category has consistently met the national targets, but performance against the local targets has tended to fluctuate and has fallen short in both the 1<sup>st</sup> and 2<sup>nd</sup> quarters of the current 2008/09 year. This trend has continued into the 3<sup>rd</sup> quarter and performance in this area continues to be monitored closely by the Development Control Manager.

**5. FINANCIAL IMPLICATIONS**

5.1 There are no financial implications.

**6. LEGAL AND POLICY IMPLICATIONS**

6.1 There are no legal or policy implications.

**7. CONCLUSION**

7.1 Performance in respect of minor applications has dipped over the past three quarters below the local target, but has remained above the national target. Even so, this trend gives some cause for concern. The performance in respect of minor applications in particular will be prioritised during the current and future quarters, whilst ensuring performance within the major and other categories is maintained.

**8. RISK MANAGEMENT**

8.1 There are risk management issues if performance continues to fail to meet the national targets.

**9. CONSULTEES**

9.1 None
