

Wyre Forest District Council
Annual Governance Statement – 2009/10

Scope of Responsibility

Wyre Forest District Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. Wyre Forest District Council also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.

In discharging this overall responsibility, Wyre Forest District Council is responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions, and which includes arrangements for the management of risk.

Wyre Forest District Council has adopted the code of corporate governance, which is consistent with the principles of the CIPFA/SOLACE Framework *Delivering Good Governance in Local Government*, and has implemented this framework during the last year. A copy of the code is on our website at www.wyreforestdc.gov.uk or can be obtained from main reception Duke House, Kidderminster. This statement explains how Wyre Forest District Council has complied with the code and also meets the requirements of the Accounts and Audit Regulations 2003 as amended by the Accounts and Audit (Amendment) (England) Regulations 2006 in relation to the publication of a statement on internal control.

The purpose of the Governance Framework

The governance framework comprises the systems and processes, and culture and values, by which the authority is directed and controlled and its activities through which it accounts to, engages with and leads the community. It enables the authority to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost-effective services.

The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of Wyre Forest District Council's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them effectively, efficiently and economically.

The governance framework has been in place at Wyre Forest District Council for the year ended 31 March 2010 and up to the date of approval of the statement of accounts.

The Governance Framework

This is defined as ‘the systems by which local authorities direct and control their functions and relate to their communities’.

The key elements of the Council’s systems and processes that comprise the authority’s governance arrangements are as follows. These arrangements have been implemented to provide a robust framework to deliver good governance. A review was undertaken based upon the six core principles of governance approved by the Audit Committee on 14 April 2010, which are:

1. Focussing on the purpose of the authority and on outcomes for the community and creating and implementing a vision for the local area.
2. Members and officers working together to achieve a common purpose with clearly defined functions and roles.
3. Promoting values for the authority and demonstrating the values of good governance through upholding high standards of conduct and behaviour.
4. Taking informed and transparent decisions which are subject to effective scrutiny and managing risk
5. Developing the capacity and capability of members and officers to be effective
6. Engaging with local people and other stakeholders to ensure robust public accountability

Delivery

The Council delivers these outcomes through:

- Annually reviewing local procedures and practices, which together create the framework for good corporate governance as described in the CIPFA/SOLACE Framework Corporate Governance in Local Government: A Keystone for Community Governance.
- Nominating a lead officer for each of the six main themes that will be responsible for assessing the Council’s effectiveness in practice.
- Producing an Assurance Statement on the extent to which the local code has been adhered to and the actions required where, adherence has not been achieved.

Review of Effectiveness

Wyre Forest District Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of the effectiveness of the system of internal control is informed by the work of the Management Team within the authority, which has responsibility for the development and maintenance of the governance environment, the section 151 Officer’s annual report, and also by comments made by the external auditors and other review agencies and inspectorates.

Agenda Item No. 8

The Council process for maintaining and reviewing the effectiveness of the governance framework includes:

- Findings and recommendations of Internal Audit;
- Updates by the managers within the authority who have responsibility for the development and maintenance of the internal control environment;
- Findings and recommendations by the external auditors and other review agencies and inspectorates.

A review undertaken for the 2009/10 statement was carried out by the Corporate Management Team on 10th June 2010. This review took into account:

- the Annual report from the s151 Officer – 2009/10 reported to the Corporate Management Team on the 27th May 2010 and considered by the Audit Committee on 28th June 2010;
- comments of other review agencies, inspectorates and external bodies;
- the findings and recommendations of the External Audit's Annual Audit & Inspection Letter reported to the Audit Committee on 16th March 2010;

All Councillors and Officers of the Council adhere to the Constitution and codes of conduct. The duty to ensure compliance is predominantly the responsibility of the Council's three statutory officers:

- Head of the Paid Service (Chief Executive)
- Monitoring Officer (Director of Legal and Corporate Services)
- Chief Financial Officer (Director of Resources)

The constitution is under constant review, to ensure that it remains fit for purpose.

The Audit Committee is the member forum that is responsible for reviewing and monitoring Corporate Governance in relation to Risk and Audit matters.

The Council's Director of Resources has the overall responsibility to ensure that the internal control environment is effective and adhered to. This is delivered through the Internal Audit service. Internal Audit undertake regular reviews of all of the Council's systems and produce reports containing recommendations for improvement wherever necessary, in line with their 3-year audit plan (2009-11). The Council's Internal Audit operates using the CIPFA Code of Practice Standards 2006.

External audit reports are reviewed and considered by the Audit Committee and the Council's Management Team. In addition to this, the Council is also subject to formal review by other inspectorates, these reviews are considered by the Council's Cabinet.

The authority has been advised on the implications of the result of the review of the effectiveness of the governance framework by the Audit Committee, and a plan to address weaknesses and ensure continuous improvement of systems is shown below.

Significant governance Issues

The main issues, which are being or need to be addressed during the coming year, include:

- Review of the Council's strategic risk register following significant changes in the prevailing economic conditions;
- On-going monitoring of the implementation of the items raised within review of the compliance to the CIPFA/SOLACE Corporate Governance Framework;
- Implementation of the actions contained in the Audit & Inspection Letter (March 2010):
 - Members must be satisfied that the updated financial strategy will deliver a balanced budget in the medium term.
 - Members must be satisfied that the projects that underpin the strategy are deliverable within the required timeframes and will provide the necessary savings and improvements to services.
 - Members should ensure that the Council is actively considering all opportunities for shared services where there is potential for achieving efficiencies.
 - Members must continue to be updated on the progress towards recovering its Icelandic investments.

We propose over the coming year to take steps to address the above matters to further enhance our governance arrangements. We are satisfied that these steps will address the need for improvements that were identified in our review of effectiveness and will monitor their implementation and operation as part of our annual review

Signed

Leader & Chief Executive
