## **Worcestershire Homelessness Strategy**

### **1. PURPOSE OF REPORT**

- 1.1 The report presents the Worcestershire Homelessness Strategy 2012-16 for comment and seeks approval for the draft to be agreed for the final 12 week consultation.

### **2. RECOMMENDATION**

**The Cabinet Member is asked to DECIDE that:**

- 2.1 **The Worcestershire Homelessness Strategy 2012-16 be agreed for 12 week public consultation from 16<sup>th</sup> March 2012.**
- 2.2 **Following the 12 week consultation, that delegated powers be given to the Director of Economic Prosperity and Place in consultation with the Cabinet Member for Place-Shaping to approve the final version of the Worcestershire Homelessness Strategy.**

### **3. BACKGROUND**

- 3.1 The Homelessness Act 2002 requires all Local Authorities to publish a homelessness strategy and it is published in accordance with the 2007 Code of Guidance on Homelessness Strategies. The legislation prescribes that prior to the Homelessness Strategy being written, a review into the nature and extent of homelessness in the local authority area is required.
- 3.2 The review document, which informs the strategy, includes information on:
- The nature and extent of homelessness across the county.
  - A profile of those who have experienced homelessness including data on the most vulnerable homeless groups.
  - Factors that will have an impact on future levels of homelessness in the county.
  - Information on support, accommodation and resources available.
  - Outcomes from the previous strategy.
  - Analysis of consultation undertaken.
- 3.3 The main finding of the review was that since 2007, the Worcestershire Authorities have been successful in preventing homelessness and this acceptance being made by the local authorities. However, data from 2011 shows that the level of acceptances is now increasing. Whilst this is line with the national situation, particular issues that are impacting upon the Worcestershire authorities include exclusion from parents/friends homes, the loss of assured short hold tenancies and

relationship breakdown (violent and non violent). It is thought that pressures such as the economic downturn and future legislative changes such as the Welfare Benefit Reforms that are causing an increase and this is expected to continue to have an impact. Therefore, against this context the 2012-2016 strategy identifies the priority areas for action in order to tackle homelessness in the County.

#### **4. KEY ISSUES**

4.1 The 2012 strategy builds upon the achievements of the 2007 -2011 strategy and aims to tackle the particular issues identified in the review document.

4.2 The homelessness strategy has four overarching goals and these are:

- Providing a pathway to a housing solution for everyone that accesses our services.
- Creating strong partnerships to tackle homelessness.
- Taking effective action to prevent anyone new to the streets, having to sleep out for more than one night.
- Tackling financial deprivation of those affected by benefit reform, welfare reform and worklessness.

4.3 Under the four goals, the strategy aims to continue the reduction in homelessness presentation through prevention work. However, the 2012 strategy has a greater emphasis upon tackling homelessness amongst all people presenting, whether local authorities have a duty or not. This is in line with the national government agenda of 'No Second Night Out'.

4.4 However, the challenge that local authorities face in tackling homelessness, at a time when the public sector faces budget reductions and homelessness is on the increase, is not underestimated. Therefore, the strategy also emphasises the need to develop stronger, more efficient and effective relationships with a range of organisations across public, voluntary and private sectors.

#### **5. FINANCIAL IMPLICATIONS**

5.1 There are no immediate financial implications to the Council associated with the approval of the Countywide Homelessness Strategy and Action Plan as the implementation of these actions will be carried out within existing Strategic Housing team resources. Where actions within the action plan are set to assess or investigate the potential implementation of certain new services and local funding would be required, a bid would have to be submitted for consideration under the Council's corporate annual budget process.

#### **6. LEGAL AND POLICY IMPLICATIONS**

6.1 The Homelessness Act 2002 requires all Local Authorities to publish a homelessness strategy and it is published in accordance with the 2007 Code of Guidance on Homelessness Strategies.

## **7. EQUALITY IMPACT NEEDS ASSESSMENT**

- 7.1 An equality impact assessment has been completed. There are no negative impacts identified.

## **8. RISK MANAGEMENT**

- 8.1 The delivery of a homelessness strategy is a statutory function and therefore non delivery would mean that Wyre Forest District Council would be in breach of its duties under the Homelessness Act (2002).

## **9. CONCLUSION**

- 9.1 The Worcestershire Homelessness Strategy sets out the strategic direction of homelessness service delivery in the County between 2012-16. Members have been asked to approve the release of the draft strategy for public consultation and to approve delegated powers to the Director of Economic Prosperity and Place in consultation with the Cabinet Member for Place Shaping to approve the finalised strategy following the period of consultation.
