Wyre Forest District Infrastructure Plan

The Panel considered a report from the Principal Planning Policy Officer which informed Members of the production of a District wide Infrastructure Plan. The plan accompanies the submission of the District Council's Development Plan Documents (DPDs) and will also be used to help inform the work being undertaken on the Community Infrastructure Levy (CIL).

Recommend to Overview and Scrutiny Committee:

- **The Infrastructure Plan, as attached at Appendix 1 to the report to the LDF Review Panel of 28th November 2012, developed as a suitable evidence base document to support the delivery of the Development Plans and to provide the background information required for implementing CIL, be endorsed.**
