Subject	Decision	Reason for decision	Date for Decision to be taken
Berrington Court Local Letting Plan (LLP)	To agree the variation at 4.3 to the previously approved LLP for Berrington Court with Community Housing Group	This decision allows the Registered Provider (RP) to let the new dwellings in line with the LLP rather than the allocations policy and will allow for the creation of a balanced, sustainable community.	

I confirm that the appropriate statutory officer consultation has taken place with regard to this decision.

WYRE FOREST DISTRICT COUNCIL

Strong Leader Report

Local Letting Plans; Berrington Court

OPEN	
DIRECTOR:	Mike Parker
CONTACT OFFICER:	Kate Bailey
APPENDICES:	1. Berrington Court Local Letting Plan

1. PURPOSE OF REPORT

To agree proposed Local Letting Plans for Berrington Court Extra Care scheme.

2. RECOMMENDATION

The Cabinet Member for Health, Wellbeing and Housing is asked to decide that:

The Berrington Court Local Letting Plan be adopted by the Council.

3. BACKGROUND

- 3.1 All nominations and allocations to properties owned by Registered Providers in Wyre Forest must be let in accordance with the Allocations Policy unless a Local Lettings Plan (LLP) is in place. The LLP will outline alternative criteria for letting properties.
- 3.2 Berrington Court: Community Housing Group have developed an Extra Care housing facility that will open in October 2016. WFDC has provided a small capital contribution of £22,000 towards the new build costs and these are subject to a separate grant agreement. WFDC also supported the scheme for the purpose of gaining Homes and Communities Grant in 2014/15.
- 3.3 The Council has an Extra Care Strategy based on housing accommodation and support needs and therefore delivery of schemes such as Berrington Court help to meet the council's overall strategic housing aims and required numbers.

4. KEY ISSUES

- 4.1 Berrington Court: Residents residing in the facility will have access to care and support above the provision found in sheltered housing and should enable people to remain living independently but in a safe environment. These types of schemes are typically let by way of an allocations panel made up of the District Council, landlord and Adult Social Care (County Council) and it is proposed, in the LLP, to let this stock in the same way.
- 4.2 Berrington Court will still be allocated to people in housing need and who have a connection to the district. However they may have capital above the usual threshold allowed on Home Choice Plus.
- 4.3 Community Housing Group will restrict the lettings to internal transfers to ensure best use of existing stock by prioritising the tenants that can move into the scheme to those currently occupying family houses or those with a particular need that cant be

met in their existing housing (where currently occupying category 1 and 2 sheltered schemes).

5. FINANCIAL IMPLICATIONS

5.1 None.

6. LEGAL AND POLICY IMPLICATIONS

6.1 The development of Local Lettings Plans is permissible within the overall Allocations Policy and the policy will be made publically available through the Home Choice Plus website.

7. EQUALITY IMPACT NEEDS ASSESSMENT

7.1 Not applicable.

8. RISK MANAGEMENT

8.1 CHG are not restricted, through any agreement (except the transfer agreement) in the letting of properties. Although most stock is let through the Council's allocations policy CHG could choose to reduce the use of this. The agreement to have Local Letting Plans therefore enables the Council to still have some influence on how new and existing stock, outside the transfer agreement, gets let and enables us to meet our objectives of letting to local people in housing need where possible.

9. CONCLUSION

9.1 The use of a Local Lettings Plan for Berrington Court will enable the council to ensure accommodation goes to those with a local connection and housing need as well as those with higher level care and support needs which require this type of accommodation.

10. CONSULTEES

10.1 None.

11. BACKGROUND PAPERS

11.1 None.

Reasons for developing a LLP (including evidence where relevant)	The scheme has been developed in conjunction with the County Council and District Council and will require a Letting Plan that imposes a slight variation to the Allocations Policy to be able to meet and address funding partner's requirements.
Aims and Objectives of LLP	To ensure the correct mix of residents within the scheme including self funders and those with low, medium and high care needs. It is important to ensure the correct balance so the scheme isn't inundated with high need cases where adequate care cannot be provided within the resources.

However 60% of all lettings will go to people registered on HC+ and 40% of lettings to applicants suggested by Adult Social Care (a separate agreement will be used to manage this process). The maximum capital threshold will also be waived where it is not possible for the applicant to meet their housing needs through the housing market.</p> <p><u>Internal Transfers:</u></p> <p>A maximum of 25% of allocations will be made available to existing WFCH Tenants, of those</p> <ul style="list-style-type: none"> • Tenants in family homes (who meet the ‘age and need’ criteria) will be prioritised, in recognition that tenants already in Category 1 or category 2 properties will have “suitable accommodation to meet their needs” • Tenants in Category 1 and Category 2 properties will be assessed and any unmet needs will be taken into consideration when prioritising allocations <p>Offers to owner occupiers will be time limited offers, conditional on them being in a position to move in, by an agreed date. The panel will be comprised on representatives from WFDC, WCC and TCHG.</p>
