Property Flood Grants – Amendment to Capital Programme

The Committee considered a report from the Head of Strategic Growth which set out the process for the Government funded property flood grants to be distributed to affected residents and businesses. This included the requirement to amend the capital programme.

The Principal Environmental Health Officer (Housing & Water Management) answered Members questions on the Capital Programme.

Recommend to Cabinet that:

1.1 Cabinet recommend to Council that there is an amendment to the Capital programme by £650k to provide Property Flood Grants (to be recovered by funding from DEFRA) noting that the exact level of expenditure will be dependent of the number of eligible applicants received.
